The Office of Science and Technology Policy (OSTP) is a department of the United States government, part of the Executive Office of the President (EOP), established by United States Congress on May 11, 1976, with a broad mandate to advise the President on the effects of science and technology on domestic and international affairs.. The director of this office is colloquially known as the ...

Office of Science and Technology Policy - Wikipedia

A decisive moment in the development of STS was the mid-1980s addition of technology studies to the range of interests reflected in science. During that decade, two works appeared en seriatim that signaled what Steve Woolgar was to call the "turn to technology": Social Shaping of Technology (MacKenzie and Wajcman, 1985) and The Social Construction of Technological Systems (Bijker, Hughes and ...
