JUAN JOSÉ ARÉVALO (1904–1990) (1956)

the shark and the pdf

Sharks come in a large variety of shapes and sizes! The smallest shark is the 9.5 inch (24cm) pygmy catshark. The largest shark is the whale shark, which grows to 45 feet (14m).

k-5 book for pdf - Shark Reef

the shark and the sardines (1956) In your hands you hold a controversial book—a book that speaks out against your State Department’s dealings with the peoples of Latin America during the twentieth century.

JUAN JOSÉ ARÉVALO (1904–1990) (1956)

The eyes of sharks are black. Although a few sharks have bold black eyes, the color varies with the species. Sharks may have green eyes, or golden eyes, while some see their world through silvery grey eyes. Some sharks have round pupils, others have slits, and the most highly evolved sharks have pupils that dilate.

Amazing Shark Facts Answer Sheet
